CONSTRUCTION
CLEANING

Babylon

about

Babylon Construction Cleaning delivers end-to-end cleaning solutions across all stages of construction, from initial site cleans through to final handover and defect completion.

We support builders across commercial, residential, retail, hospitality, and mixed-use projects, providing scalable and reliable cleaning services aligned with construction programs.

Babylon is proud to be a female-owned and operated business, with a workforce made up of over 85% women. We are committed to supporting and increasing female participation in the construction industry, while delivering a high standard of quality, professionalism, and attention to detail across every project.
